A Global University in the heart of an ambitious city

We have welcomed students from Europe, Asia, Africa, North America and Australia. Our International Student Community has grown to an impressive number and the student population consists of 50 different nationalities. About 1600 students from all over the world are studying here!

Our active agreements and collaboration with universities and institutions in various countries in Europe and beyond are beneficial to all, from the staff and students to the world as a whole

UITM is rapidly growing and working hard to build student-friendly Mobility Programmes with partner Universities around the world.

Erasmus + is an EU program for education, training, youth and sport.

Our students, academic and administrative staff enjoy great opportunities to gain education and work experience in different European countries.

During your studies at UITM, you can choose any European University to continue your education with the financial support from the Erasmus + funds.

Double Degree – Opportunity for our students to earn two diplomas, one from UITM and one from a well-known university in the United Kingdom.

Joint Programme with China – Unique chance to continue your studies in China. After completing one year at UITM, International students can choose one of our partner Universities – Anshan Normal University and Anhui Xinhua University.
