# NURSING

BSN

# WHAT IS NURSING?

**Care with knowledge, lead with compassion**

A **Bachelor of Nursing at UITM** prepares you for a rewarding and respected career in healthcare. The programme equips you with the clinical knowledge, technical skills, and emotional intelligence needed to provide safe and effective patient care. You'll learn the principles of nursing, anatomy, physiology, and pharmacology, while developing communication and leadership abilities essential in modern healthcare settings.

Combining theory with extensive hands-on training, the programme ensures you are ready to meet real-world challenges in hospitals, clinics, and community care. Under the guidance of experienced nurses and medical professionals, you'll gain the confidence and competence to make a lasting difference in patients' lives.

# THE WAY WE TEACH

At UITM, nursing education is built on real experience. You'll learn through clinical placements, simulation labs, and interactive classes that mirror real healthcare settings, helping you develop confidence and competence in patient care.

Our lecturers and clinical instructors are experienced nurses and healthcare specialists who share their expertise from hospitals and medical institutions. Their mentorship ensures that you gain both practical skills and professional values that define high-quality nursing care.
