

ERASMUS+ *Slovenia* *Maribor*

Dreams coming true

Erasmus had been my dream since my school years. I wanted to study abroad, speak English every day and meet people from different countries. Slovenia, Maribor was my choice because of the university's strong reputation. When I arrived, everything felt new. I was a little bit nervous, but also excited about this new chapter of my life

International friends

During Erasmus, I changed in ways I never expected. Every week brought new experiences and I met people from many different countries. We shared our stories, cultures and dreams. Simple conversations soon turned into deep friendships. We studied, traveled and supported each other. These became valuable lifelong friendships that I will always carry with me

Freedom & Growth

Erasmus was more than a semester abroad. For the first time, I truly lived in the moment, traveled to new cities and felt a sense of independence. Every day taught me something new about the world and myself. It helped me grow, gain confidence and see the world differently. It showed me that dreams can come true and became one of the most unforgettable chapters of my life
